Dear Parents,

The safety of our children is our first priority. There are children at Parkville who have severe life threatening allergies. Therefore, our goal is to provide a safe environment. We encourage fruits and vegetables for daily snack. You may also choose a snack from the approved list found below or on our website. Your teacher will provide selections from the approved list for celebrations. Unsafe snacks will be sent home –no exceptions. No food is permitted on the bus. Please discuss the importance of food allergies with your child and discourage the sharing of food. Manufacturer’s ingredients can change. **ALWAYS check ingredient list on packaging before purchasing items. All food should be nut-free and made in a nut free environment.**
